

In the *East Valley SELPA*, we will collaborate with our partners and member districts by

- Meshing cohesively with existing programs
- Being curious and inquisitive through questioning
- Facilitating relationships between students, parents, and districts
- Being open and respectful in communication
- Being active listeners

to achieve a transformed education system through bold leadership, courageous advocacy and effective governance.

In the *East Valley SELPA*, we will lead our member districts by

- Keeping school staff and districts well informed of SELPA services
- Linking districts to SELPA services

to achieve relevant, engaging and effective educational practices that prepare students for successful transitions, high school graduation, post-secondary options and the workforce.

In the *East Valley SELPA*, we will use innovative and effective technologies by

- Providing guidance and assistance to districts for assistive technology assessments
- Providing in-service trainings for districts to enhance abilities to select effective technology for student use
- Providing access to parents and stakeholders to trainings/workshops through the EVSELPA website and through social media

to accelerate student learning and educational delivery.

In the *East Valley SELPA*, we will ensure that the services of the East Valley SELPA embody our moto of “*Educating Together*” by

- Being transparent
- Assuring information is shared with all members through email and the EVSELPA website
- Using language that is understood by all and is “People First Language”
- Encouraging two-way communication

to achieve excellence through effective communication.

In the *East Valley SELPA*, we will create, strengthen, and sustain family and community involvement through the following

- Board of Director meetings
- Community Advisory Committee (CAC) meetings
- Steering Committee meetings
- The EVSELPA website
- Team and Staff meetings
- Trainings and Workshops

to achieve vital partnerships critical to the fulfillment of our mission of “*Educating Together.*”

In the *East Valley SELPA*, we will create an environment that includes

- Encouraging physical activity throughout the workday; including lunchtime power walks and yoga classes
- Encouraging healthy snacks and lunches
- Providing information and facts to parents and students about healthy lifestyles (nutrition, exercise, and hygiene)

to achieve personal and social wellness for staff and students and build healthy communities.
